

MADHUSTHALI VIDYAPEETH

Ripples

July 2021 to Dec 2021
From the Principal's Desk

Dear Readers,

After the celebrations, festivities, colorful lights and feast laden platters we must remember to embrace the most important task again - our children's overall development by enhancing their competence. We are on the cusp of winters. I take a moment to give thanks for all that we have for our students, our families, our staff, for all God's glorious blessings.

Ever since we started the offline classes, we have been endowed with complete support from the parents. It is our hope that children will feel and believe that they are blessed, valued and loved by all. I would thank all parents and well-wishers for setting high expectations for our students and educators.

As principal, I have been reorienting my skilled teachers by enhancing their potential. Welcome to the New Year and all the busy months that lie ahead! We would like to focus on the whole child academically, behaviorally, and socially. Our main goal is to ensure that social-emotional learning and care are available to all. From the deepest encrypts of my heart, I wish that each of my students rediscover the value of his or her existence at individual, family, social and mother nature's level. We wish to congratulate the parents for responsible parenting. You have been very supportive. Through this column I send my prayers and best wishes for the upcoming classes, examinations and all allied activities to all the students.

Wish you all a very Happy and Blessed New Year.

God Bless Us All!!!
